Background

Baufest is an **international** company consisted of **argentine resources** with **over 20 years'** experience. We develop and implement over **1,000** projects for **200** leader companies in **50 countries**, and we count on offices and operations in **Argentina, Mexico, USA** and **Spain**.

We are esteemed and recognized for our **excellence, integrity, quality** and reaching an average **customer satisfaction** rating of **93%** since 2006. We are the **5th** company with the **highest billing** in software development (IDC), one of the best companies to work for in Argentina since 2008 (The Great Place to Work, Argentina) and we have been honored with the **Sadosky Award 2001** for the Business Development category.

We count on a solid experience in the **energy** business segment which includes national and international companies that produce and deliver electricity, gas and oil for whom we develop specific solutions, such as:

- ✓ Incident Management System
- ✓ Document and Audit (EHS) Management
- ✓ Business Integration Architecture
- ✓ Managing Bundles of Oil Wells
- ✓ Contractor's Integral Control
- ✓ PACS System For Siemens
- ✓ Portal and Collaboration Infrastructure
- ✓ Business Intranet
- ✓ Sourcing Request Site
- ✓ AFE Management System (AMS)
- ✓ LIMS: Laboratory Information Management Systems
- ✓ Lubricants Quality Control

We are official certified partners of **Microsoft, Oracle, SAP, IBM, Red Hat, DEXA, CA** and **NINTEX**. We usually participate in joint projects as specialists in its platforms and tools, by developing, implementing and integrating custom made software solutions for industries.
