Background

Baufest is an **international** company consisted of **argentine resources** with **over 20 years'** experience. We develop and implement over **1,000** projects for **200** leader companies in **50 countries**, and we count on offices and operations in **Argentina, Mexico, USA and Spain**.

We are esteemed and recognized for our **excellence, integrity, quality** and reaching an average **customer satisfaction** rating of **93%** since 2006. We are the **5th** company with the **highest billing** in software development (IDC), one of the best companies to work for in Argentina since 2008 (The Great Place to Work, Argentina) and we have been honored with the **Sadosky Award 2001** for the Business Development category.

We count on a solid experience in the **health, pharmaceutical and medical specialties'** business segment which includes national and international companies of medical insurance, laboratory medical specialties and health centers for whom we develop specific solutions, such as:

- ✓ LIMS - Laboratory Information Management System
- ✓ Risks Analysis
- ✓ Health Services' Analysis and Audit
- ✓ Clinical Analysis
- ✓ Quality Assurance
- ✓ Platform of Document and Collaboration Management
- ✓ Robotic Picking System
- ✓ Practice Management Consulting and Implementation
- ✓ Consulting in Architecture
- ✓ Business Workflow Design and Implementation
- ✓ Operations and IT Support

We are official certified partners of **Microsoft, Oracle, SAP, IBM, Red Hat, DEXA, CA** and **NINTEX**. We usually participate in joint projects as specialists in its platforms and tools, by developing, implementing and integrating custom made software solutions for industries.
